

Our Mission

To support our community through public services and scholarships.

What does the HBA of Aiken do for my community?

The HBA of Aiken:

- Builds a Habitat for Humanity house each year through our Builder Blitz program
- Offers scholarships at Aiken Technical College for students interested in the building industry
- Contributes to the Public Education Partners program for the Synergistic Labs in Aiken County's middle schools
- Sponsors the annual CSRA Heart Walk

Master Builders

The SC Master Builder program is a professional designation program created by the Home Builders Association of SC to help homeowners to identify builders who have a proven track record of stability, integrity and service to their buyers. It is designed to improve the professionalism, business management practices, product quality and record of customer service among builders.

To obtain **Master Builder** certification, a builder must be nominated by peers, satisfy stringent review criteria, demonstrate adherence to building technology standards and comply with governmental regulations.

To learn more, visit our website at www.aikenbuilders.com and click on the Master Builders icon.
